- 5. Bake for 15 minutes or until crust is lightly browned.
- 6. Refrigerate or freeze extra pizzas.

Helpful Hints: Be sure to always wash your hands before starting any cooking activity. Make sure your kitchen equipment is also clean.

Onion adds flavor to many foods and is easy to keep on hand. Use a cutting board when chopping an onion.

Sliced, shredded or block cheese will work in this recipe. If you have sliced cheese, just cut the slices into strips and place over sauce.

Oregano is an herb that is often used in Italian food. It may be in dried or fresh leaf form. Some cooks like to grow it in a garden or windowsill box to keep fresh herbs on hand!

Safety Tip: Use dry potholder to remove hot pans from oven. A damp potholder will conduct heat very rapidly and cause burns.

Chopping is an activity appropriate for children capable of using a knife safely. Young children can pat the pizza dough, add the sauce, toppings and enjoy. They will need parental help in chopping the onion and removing the pizzas from the oven.
